

This staff gauge is located on 275th St SE, approximately 1/4 mile north of 62nd Ave SE, it is commonly referred to as the Adams Bridge. The gauge is located on the east side of the road just north of the bridge on a R/R tie corner post. This location is on the Long Lake Creek. This water usually pushes up from Long Lake and dumps into McKenzie slough. The reading on this gauge simply indicates a rise or fall of the creek level at that location.
